

Normal. 46. They will not be allowed to take exercise or personal attendance of any kind to the College.

Function of candidate. 47. One of the rules for admission to the Royal Military College is that a candidate should be recommended. This rule will be waived in the case of Indian candidates, but in no circumstances will a candidate be allowed to take his seat at the College.

Appointments to Commission. 48. Candidates from India will have to qualify in the ordinary passing-out examination and will, on qualifying, be eligible for King's commissions. Before being passed fit for a commission, they must be certified to be in good mental and bodily health and free from any physical defects likely to interfere with the performance of their military duties. Those who are successful in obtaining commissions will enter the Indian Army on second Lieutenants.

The appointment of postmaster cadets, after passing out of the Royal Military College, is particularly significant of civility and industry, is governed by the existence of vacancies and the requirements of the service. Indian Cadets will be posted to one of the units selected for Indianisation subject to these conditions, appointments will be made on the following principles—

(1) The first consideration will be given to those cadets who pass out highest on the list of successful candidates from the Royal Military College, but the Government of India reserve the right to consider special family or territorial claims in respect of the candidate's position on the list.

(2) A cadet having any special family or territorial connection with a regiment should describe this connection in the preference form which he will be required to fill in during his last term at the College, and careful consideration will be given to such claims in deciding the question of his appointment.

(3) Candidates without special claims are at liberty to apply for particular regiments (not exceeding three).

(4) In making first appointments the modified system, as far as the preference form, will be applied to the as practicable, having due regard to the preceding paragraphs.

Where there is no objection to a cadet of a regiment recommending a recommendation to Army Headquarters, India, on behalf of a unit whom he may desire to be appointed to be assigned.

49. Prospective Indian candidates who are resident in India should apply for nomination to the entrance examination held at India, and only those candidates who have been resident in the United Kingdom for several years will be permitted to present themselves for examination by the Selection Board held in that country. The Selection Board held in the United Kingdom is set up for the purpose of examining candidates who have been resident in the United Kingdom for several years and have received their education in that country, and not as an alternative to the examination held in India for candidates educated in India.

Intending candidates should submit their applications in the form below—

3. The candidate's height will be measured as follows—He will be placed against the standard with his feet together, and the weight thrown on the heels and set as the true or maximum of the feet. He will stand erect without rigidity, and with the hands, arms, latissae and shoulders touching the standard. The feet will be depressed to bring the surface of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarter.

4. The candidate's chest will be measured as follows—He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the axillary angles of the shoulders-blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side and care will be taken that the shoulders do not throw upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded thus in inches, "11 1/2 to 12."

In recording the measurements, fractions of less than half an inch should not be used.

5. The candidate will also be weighed, and his weight recorded in pounds. Fluctuations of a pound should not be noted.

The Distant Test (Type) will be read for the test for distant vision, without glasses at a distance of 20 feet, and for the test for near vision without glasses, at any distance selected by the candidate. The standards of the minimum acuteness of vision which a candidate will be required to see as follows—

STANDARD I.

Right eye. Left eye.
Distant vision.—Y = 4/5. Y = 4/5.

Each eye must have a full field of vision as tested by hand movements.

Squint or any marked condition of the eyes or of the lids of either eye holds to the rule of approximation or maximum will cause the rejection of the candidate.

Each eye will be examined separately, and the lids must be kept wide open during the test.

Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the test will be noted in the proceedings and the candidate will be informed.

The degree of acuteness of vision of all candidates for commissions will be entered in the proceedings in the following manner—

V.R. = ...; with glasses = ...; R = ...

V.L. = ...; with glasses = ...; L = ...

No relaxation of the standard of vision will be allowed.

7. The following additional points will then be observed—

(j) That he does not bear traces of previous acute or chronic disease pointing to an impaired constitution.

8. Severe diseases is defined as follows—

(a) When the name of disease is on a point that it brings down or back of the limbs when the candidate stands up.

(b) If he is not completely in such a state, that the limbs hang at a level otherwise level than normal, or, in any case, leaving the feet flat the left limb is not at a level lower than the right.

(c) If the candidate is not at a point that he does not stand in an attitude as the head of the back of the head on the ground.

(d) Deformed limbs should only be accepted as disqualifying when they are not in the highest and most useful condition.

FINANCE DEPARTMENT.

AMENDMENTS.

Revised, for 1926 Jan 1926.

No. F. 1000-F-2.—Mr. S. Mann, Esq., I.C.S., has been appointed as Additional Deputy Secretary to the Government of India, Finance Department, with effect from the 16th June 1926.

For St. George, July 17, 1926.

No. 221.—The following rules for the Accounting and auditing of the passage expenses are published:—

RULES.

1. Maintenance of Personal Passage Accounts.—A pass book account will be maintained outside the Government account for each officer, and for each member of his family, who is eligible for the benefits of the Personal Passage Regulations. This will be called the Personal Passage Account. The account will be in Part A, and form being allotted for each beneficiary. Bound books will be sent, a separate volume being maintained for each wife or otherwise as may be decided in. A suitable index will be maintained for such volumes. Each account will be kept in standing. In it will be recorded:—

- (i) the total value equal to the cost of passages admissible under Regulation 6;
- (ii) the cost of such passages as defined in Regulation 2 (c), subject to the limit prescribed in Regulation 8;
- (iii) the actual cost of any railway fare permitted under Regulation 7;
- (iv) the balance at the credit of the officer and of each member of his family;
- (v) any variation in the balance required under Regulation 11.

Whenever a certificate in Form C or Form CC or Form F is issued, and whenever a duplicate copy of the certificate (in Form C) issued by the High Commissioner is reported, the number and date of the certificate should be entered in the "Remarks" column.

Note 1.—All the House Lords carrying passengers to and from India at present quote their fares in sterling.

In the few cases in which the fares are quoted in rupees without any reference to sterling, the rupee fares will be converted into sterling at the same rate as is adopted for converting sterling fares into rupees under paragraph 5 above.

Note 2.—Credit in respect of children 12 years of age or under, and children 12 years of age or under, shall be credited to the account of the parent or guardian. In the case of children under three years of age credit in the passage account

shall be paid at birth with cost of single passage P and Q, but class B passage of both rates. A daughter, who is still entitled to passage, on reaching age at which credit for such passage shall be credited to a retired credit equal to the cost of single adult passage by P and Q, but class B less from the amount of any previous withdrawal from the Passage Account.

This value credited to the Personal Passage Account of an officer for his child can be utilized to meet the cost or part of the cost of more than one passage actually engaged for that child.

Note 3.—A Personal Passage Account should be credited with the cost of the appropriate number of return passages by P and Q, but class B at the rate for return passages determined with reference to Regulation 2 (c). Thus, in case an officer chooses to travel on single tickets both homeward and back he will not be allowed any benefit in excess of the cost of a return passage by P and Q, but class B if the only account at his credit in the Personal Passage Account is the cost of one return passage by P and Q, but class B.

Note 4.—Under the Passage Regulations an officer is free to choose the class of steamer by which he will travel and is also not debarred from booking a second-class passage or a passage in any lower class. The amount accruing from the credits of either of these passages will remain at credit in the Personal Passage Account of the person or persons concerned and can be used towards meeting the cost or part of the cost of additional passage or passages engaged even in excess of the number of P and Q, but class B passages where after has been credited to the Personal Passage Account concerned.

3. As the accounts are purely personal, the credit outstanding in the account of each person can only be utilized for the benefit of that person. Whereby any member of an officer's family then or season to be eligible to the benefit under the Passage Regulations, his or her account should be closed by noting the word "closed" and the reason therefor in Form A. The balance, if any, in the account of a member of an officer's family when it is closed may not be transferred to the account of the officer or to any other member of his family. When the officer himself ceases to be eligible to the passage concerned, the whole set of accounts of the officer and of his family should also be closed after due time has been given for objections to be taken of the benefit payable under Regulations 7 and 12. Any credit outstanding in the account lapses.

3. *Procedure for engaging passages.*—The application for passages or passages will be made by the officer in Form B. If the officer is entitled (having due regard to the balance in the account of the person for whom the passage is claimed and to the provisions of Regulation (3) to the cost of the passages applied for, an authority in Form C will be issued to the officer. Form C will be given to the officer, of which one should be kept in an office copy. The forms will be numbered consecutively for each year and bound in books of convenient size. As these forms furnish authority for payment, they should be carefully

kept under lock and key in charge of the Superintendent, General Audit Department.

4. On receipt of the authority in Form C, the officer will forward it to the Steamship Company or the Agent through whom he wishes to engage the passage or passages. On engaging the passage or passages, the officer will give the Steamship Company or the Agent through whom the passage or passages are engaged, a receipt in Form D. If the passage is engaged through a Passenger Agent that Agent will send the authority in Form C and the receipt in Form D to the Steamship Company or the Agent of that Company, with whom the passage is booked. In respect of all passages, whether booked direct or through an Agent, the Steamship Company or the Agent will then present a bill to the Audit office concerned for payment, and will send the authority in Form C along with the bill, explaining the difference of any, between the claim and the authority.

5. *Receipts of cost of passages.*—The Steamship Company or the Agent of that Company or the Passenger Agent will present weekly consolidated bills to each Audit office for payment, showing clearly—

- (1) The costs of the Steamship and, also, of the Agent, if any, through whom the passage was booked;
- (2) The names of ports between which the passages are engaged (including the journey by land between port and port, if any, covered by the Steamship Company ticket);
- (3) Class of accommodation;
- (4) Date of sailing;
- (5) Cost of passage, single or return, in sterling for each person separately, viz., for the officer, his wife and each child (with names of wife and children and age and sex of each child);
- (6) Amount in sterling, if any, paid by the officer himself as excess over the amounts authorized in Form C;
- (7) Balance claimed in sterling;
- (8) Equivalent of (7) shown in rupees;
- (9) Rate of exchange adopted;
- (10) Net amount claimed in rupees.

The rate of exchange at which sterling sums will be converted into rupees will be the opening selling rate of Bankers Limited in London quoted on the morning of the first working day of each week. The weekly bills sent to the Audit office will be supported by a copy of the daily quotation statement issued either by one of the leading exchange banks or by a respectable firm of Exchange Brokers.

Note.—In the few cases in which sums are quoted by a Steamship Company in rupees without any reference to sterling, only the rupee amounts may be shown in the weekly bills. See also Note 1 under paragraph 1 above.

6. If a claim presented by a Steamship Company or by the Agent of that Company or by the Passenger Agent is correct and in order, and is supported by the authority in Form C and the daily quotation statement referred to above and in the case of Passenger Agent, by the certificate provided by Government of India, Revenue

Department, Circular letter No. P. 65-05-R/24, dated the 11th December 1923, payment will be made direct to the Company or to the Agent of that Company or to the Passenger Agent, whichever is the case, on the basis of the bill of exchange. If the bill of exchange is not to be sent to the office in Form 10. If the bill of exchange is not to be sent to the office in Form 10, the bill of exchange will be sent to the office in Form 10, if that be known, or otherwise to the office of the High Commissioner. The actual amount paid to the Steamship Company or to the Agent of that Company or to the Passenger Agent in respect of the bill of exchange will be debited to the account of the bill of exchange in the column "Actual amount paid" under the heading "Actual amount paid" in the Personal Passages Account.

Note.—For the convenience of the Steamship Companies and of Agents of those Companies and of Passenger Agents their bills for passage or passenger tickets will be paid by the Audit office concerned by means of Demand Drafts on the Imperial Bank of India which can be cashed on presentation at the head office or the Branch concerned of the Bank.

7. The above instructions will cover cases in which the Steamship Company or the Passenger Agent issues in India on payment to India through bank to London including a railway journey from a continental port to London. In case, however, the office issues a passage to a continental port and makes its own arrangements for the railway journey from there to London, a certificate in Form F will be furnished to the office stating the maximum amount admissible for such railway journey under Regulations 5 and 12. Form F will be placed in two lots and will be machine-numbered like Form C—note paragraph 3 above. The certificate in Form F will be presented by the office in support of his claim for the railway journey to the High Commissioner.

8. An application for a passage may be made to the High Commissioner. Such application must be accompanied by a certificate from the Audit office concerned in India stating the amount in the Personal Passages Account at credit of such person for whom a passage is to be taken. This certificate will be furnished by the Audit office in Form G to the office who should not for it in sufficient time before he wishes to apply to the High Commissioner. On receipt of an application supported by a certificate in Form G, the High Commissioner will be responsible for furnishing the applicant with the necessary certificate stating the maximum cost of the passage which may be engaged for such person from General Revenue, for furnishing a duplicate copy of this certificate to the Audit office concerned in India, for making payment to the Steamship Company or to the Agent of that Company or to the Passenger Agent for the cost of the passage, for instructing the office in the office concerned, and also for disposing of and paying the claim, if any, for the railway journey to India. The High Commissioner will also send to the Audit office concerned in India a copy of any information received by him from the office as to the application of the certificate issued by the High Commissioner or the cancellation of a passage engaged on such certificate.

9. All payments made by the High Commissioner in respect of passages or of railway fares will be passed on by him through the Head Office Account in India for final record in the Indian books and also in the Personal Passages Account. In the latter the entries payments only need be recorded as indicated in paragraph 6 above. In the former all payments will be recorded in respect, the sterling payment being converted at the market rate of exchange as determined in accordance with the provisions of Article 845 of the Account Code. The corresponding gain by exchange will be taken to the deposit head "Exchange on Receipts Account" and will be entered in the net balance under that head which will be dealt with in accordance with Article 847 (b) of the Account Code.

Note.—The Receipts Account will show the details of the accounts paid for each person separately distinguishing between payments for passages and payments for railway fares, and will also mention in connection with debits on account of payments for passages the name of the Steamship Company and the Agent (if any employed) and of the steamer.

10. *Reconciliation of the Personal Passages Account with the Indian—A Register of Exchanges and Payments* will be maintained in Form G. In this register under the head "Actual Payments" there will be 14 columns for the 14 months from the April of the current year to the April of the succeeding year and one column for adjustments made in March Final Accounts of the current year.

This register will be opened about each year and again should be kept at the beginning in which case be recorded any variation recorded in the preceding year and not sent on by the end of May in the current year.

11. As soon as an authority in Form C is issued, or a duplicate copy of such authority issued by the High Commissioner is received, copies will be made in columns 1 to 5 and 6 to 8 of the register in Form G. The entry in column 2 will be first the name of the officer and next the names of the members of his family for whom the request is made.

If the authority is received direct or through the High Commissioner as to the non-attestation of an authority in Form C as cancellation of a passage engaged, the fact shall be clearly noted in the register against the entries concerned and also in the remarks column of the Personal Passages Account.

If intimation is received from an office as to the cancellation of a passage the cost of which has been paid to the Steamship Company or to the Agent of that Company or to the Passenger Agent, the Audit office will forthwith apply to the Steamship Company, or to the Agent of that Company, or to the Passenger Agent, for a refund and will work that the amount of refund due is deducted by the Steamship Company or by the Agent of that Company or by the Passenger Agent from their next week's bill.

12. When a payment is made to the Steamship Company or to the Agent of that Company or to the Passenger Agent, the necessary entries will

be made in the register in Form G in columns 4, 9, 16, 17 and in the column for the month in which the advance or payment is made.

Payments made by the High Commissioner when transmitted through the Remittance Account will be similarly entered in the register, the "Actual payment in rupees" being noted in the column for the month in which the transaction is recorded in the Indian books and the month of the High Commissioner's account being noted in column 11 instead of the voucher number and date.

Officers clearing passages should be noted to indicate the date of embarkation, for entry in column 5 of the register as soon as possible after embarkation.

13. Payments for passages, or for a railway journey, if any, should be noted in the Personal Passage Account from the register in Form G, each posting being initiated by the Superintendent as he enters the register. The posting of these payments in the Personal Passage Accounts is of the utmost importance, and it is essential that they should be made correctly and without any delay.

14. The refunds, if any, effected in India under the last sub-paragraph of 11 above, and similar refunds appearing in the Remittance Account will be treated as minor payments for purposes of posting in the Register of Transactions and Payments and the Personal Passage Account, and will be credited to the head in which the cost of passages was debited (see rule 21 below). In the case of such refunds appearing through the Remittance Account, the collection and expense will be effected at the rate of exchange which was adopted in the execution of the original transaction in respect of which the refund is made, the gain or loss by exchange being adopted as in paragraph 2 above.

Note.—For purposes of the adjustment of refunds, the amount due to Government after deduction of the amount of any paid by an officer himself, should be taken into account.

15. Any amount forfeited by the officer as a result of travelling a passage in circumstances which entitle the Steamship Company to claim such forfeiture, shall be debited to the Passage Account concerned.

16. At the end of each month the postings in the Personal Passage Accounts pertaining to that month should be tabulated on a summary sheet which will be attached at the end of the register. The entries in this sheet will have to be agreed with the corresponding entries in column 9 of Register of Transactions and Payments.

17. The monthly progressive total of transactions in columns 14 to 24 of the Register of Transactions and Payments will be carried over from page to page, so that the total of the last page will at once furnish the total rupee payments debited to General Revenue less refunds, if any, of such payments (see rule 21 below). The total will be agreed every month with the Detail Book Figure under the initials of the Superintendent, Dock Department.

Note in paragraphs 16 and 17.—As the payments during the months of April and May will appear in two registers, both registers will have

to be scrutinized in the course of the check prescribed in paragraph 15 and similarly the grand total of columns "Actual payments" for April and May will have to be brought together for the purpose of the reconciliation prescribed in paragraph 17.

18. Procedure in case of transfer.—When an officer is transferred outside his own audit circle, a copy of his accounts and of his family members should be forwarded to the new Audit officer concerned along with the last pay certificate.

19. If an authority in Form C, CD or F has been issued and the officer is transferred to another audit circle before payment on such authority has been made, a copy of such authority should be sent to the new Audit officer, and the fact of having done so should be noted across the Register of Transactions and Payments against the entry or entries concerned. The new Audit officer will enter such authority in his Register of Transactions and Payments indicating in the remarks column the name of the Audit officer who actually issued the authority. No further payments will be made or rejected against such authority by the Audit officer who actually issued the authority. He will only pass on to the new Audit officer for necessary action in accordance with the above instructions all further claims for payment or debts appearing in the Remittance Account or other information received in connection with such authority. If a claim for payment preferred by a Steamship Company or by the Agent of that Company or by a Passenger Agent is passed on to the new Audit officer in accordance with this instruction, the fact of having done so should also be noted in the Steamship Company or in the Agent of that Company or to the Passenger Agent at the same time.

20. Officers in foreign service.—In the case of officers in foreign service whose pay is fixed as the par which they would receive from time to time in Government Service with or without an addition thereto in the form of a percentage of such pay or of a fixed sum, monies will be made from foreign employers at the rate of 10 per cent to meet the cost of passages. These amounts will be credited to General Revenue under the head "XXXX—Reimburse in aid of Superannuation—Contributions for pensions and gratuity".

On the analogy of Article 153, Audit Code, the contributions may be credited to the Government under which the Government servant is permanently employed at the time of his transfer to foreign service.

The procedure when actually availed of may be classified in the same way as if the officer had been serving under the Government who received the contributions.

21. Head of Accounts in which cost of passages should be charged.—The cost of the passages will be charged in the accounts under the head "Allowances, monies, etc." relating to such major or minor head, a separate detailed head "Cost of passages granted under the Superior Civil Service Rules, 1921" being opened for the purpose of recording these charges.

(G.O. No. 3128, P.H.).

No. 736.—The Government understand that some have misinterpreted the character of an article in the code water factories in a municipality and that it has been found difficult either to procure or detect such articles, as the quantity of crutch preserved in each case has been usually below the quantities prescribed under the Alcohol Act for purposes of such licence. The Government consider that the possession of such illicit articles and of the devices causing diversion is essential and they are advised that license issued under section 206 of the Madras District Municipalities Act, 1919, for premises used for the manufacture of cooled waters or for a restaurant (vide clauses (a) and (b) in schedule V of the Act) may include a condition to the effect that no crutch of all should be possessed within such premises by the licensee or any other person. All Chairmen of Municipal Councils are accordingly requested to include a condition to the above effect in all licenses issued by them under section 219 of the Act for premises used for the manufacture of cooled waters or for restaurants.

2. In virtue of the powers conferred upon them by sections 14 (1) and 272 of the Act, all Chairmen of Municipal Councils are requested to delegate to some officers the powers necessary to enable them to enforce the condition.

Madras, 2nd July 1926.

No. 2.—In virtue of the power delegated under clause 22 of Government Notification No. 445, dated 12th July 1924, published as pages 1523 and 1524 of the *Port St. George Gazette* dated 19th September 1924, Part I, as amended by Government Notification No. 105, dated 12th March 1924, and in pursuance of Section 15, Notification No. 17, dated 1st July 1923, the Commissioner of British South Rhodesia publishes the following rules for the issue, etc., of licences under section 12 of the *Alcoholic Liquors Act* of 1924, for the keeping of toddy-pressing trees and for the drawing of toddy therefrom, to have effect on the following local areas from the 1st day of October 1925:—

(1) The villages in the Agency towns specified in Schedule I annexed.

(2) The rest of the Presidency with the exception of the Bulawayo district and the Tloka, Tloka, Ajanja, Chaguanu and the Zimbalu valleys of the Kalahari Desert.

(3) The Bechuanaland State.

2. Toddy-pressing licences shall be issued on the application—

- of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction as licensed separately;
- of persons having the exclusive privilege of manufacture and supply of coconut toddy drinks;
- of persons on their own application in the South Rhodesia district, provided that the application for licence is accompanied by an application for a permit for the transport of the toddy liquor in some particular shape and that the latter application is countersigned or acknowledged to be correct by the shopkeeper in whose shop the toddy is to be taken;
- of townships generally, and of coast-toddy taverns in the villages of the Agency towns specified in Schedule I, in the West Rhodesia district, in the Kalahari, Bechuanaland, Tloka, Ajanja and Tloka districts, in the Bechuanaland and Bechuanaland districts, for not more than five trees in the case of townships and three trees in the case of coast-toddy taverns for the drawing of toddy required for domestic consumption, but not for sale;
- of coast-toddy taverns in Bechuanaland. Such taverns may have two trees for the drawing of toddy required for domestic consumption, but not for sale;
- of toddy shopkeepers or persons in the Agency territory and in the Bechuanaland State desiring to obtain toddy from trees growing in British territory;
- of toddy shopkeepers in the Bechuanaland State desiring to take toddy from trees in British territory provided that the application is countersigned or acknowledged by the British and Bechuanaland Commissioner of the Bechuanaland State;
- of any member of a hill tribe whether a member or not, residing in any of the villages of the Bechuanaland district specified in Schedule II, for not more than five trees for each household for domestic consumption, but not for sale.

In cases (1), (2) and (3), the licensee may be issued in the case of townships himself as of the member, and in cases (4), (5), (6), (7) and (8) in the name of the applicant only.

3. Persons wishing to apply for the grant of toddy-pressing licences must first pay the fees (for the fee schedule attached, so the case may be) due on account of the trees which they desire to buy, into a Government treasury, which may be either the District treasury or a Bank treasury. Government officers may also examine banks of deposit to receive payments on account of trees and to grant receipts thereon. In the case of persons mentioned in rule 3 (a) and (5) the licensee must first sign a Government treasury or an authorized village officer in the town in which the trees are situated. Publickation officers, when applying for trees in British territory, must pay the full tree-tax into a British treasury of the rates prevailing in British territory.

4. (1) Applications for the grant of toddy-pressing licences shall be made on the prescribed form to the Inspector, Excise Department, in charge of the office in which the trees are situated. Forms may be obtained from the Inspectors of the Excise Department and from all Townships and Deputy Townships and will be supplied free of charge. Applicants pay in by shopkeepers and taverns and not be stamped; those put in by other persons must have a receipt for stamp of one shilling. In any case, if the fees have been paid into a treasury, the applicant must obtain a certificate of payment from the treasury officer; if payment has been made to a village house, the receipt must accompany the application. Licensees receive and shopkeepers applying for trees in British territory should pay the tree tax into the Agency Treasury or into the District Treasury before the British Township or Deputy Township officer, along with the application in Form T.T. 2, countersigned by the applicant's member of the house in the effect that the applicant is a person entitled to take out a toddy-pressing licence in the Agency. The tree-tax should be submitted as the higher rate if the rates are not the same on the two sides of the frontier.

(2) Applications for toddy-pressing licences in the South Rhodesia district should be accompanied by the consent or person in possession of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in towns adjoining the Agency territory will also be allowed to tap trees in the Agency for the supply of toddy to their shops on payment of the whole of the tree-tax as an instalment to the British treasury and subject to such restrictions respecting permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will necessarily be the higher rate in force, if the rates are not the same on the two sides of the frontier.

The British and Bechuanaland Governments reserve to themselves the right to impose, in addition to the tree-tax, a rate for the use of trees belonging to them, the same when imposed being payable by British and Bechuanaland licensees alike. The arrangements agreed to by the Bechuanaland and the Bechuanaland Governments with regard to the issue of licences for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the government of trees in any specified area in the Bechuanaland Presidency or in the Agency with a view to actual use therein or for other purposes and the same payment of tree-tax into a British or Bechuanaland treasury does not entitle an applicant to tap trees for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Bechuanaland State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Bechuanaland district. Similarly those in the Bechuanaland State will be allowed to tap trees in the adjoining British territory. Toddy shopkeepers in British territory adjoining the Bechuanaland State will be allowed to tap trees in that State on payment of tree-tax in that State at the higher of the rates prevailing on both sides of the frontier.

2. Persons applying for the issue of licenses will be responsible to Government for all costs payable as tree-tax on account of the trees licensed to be tapped.

3. (1) On receipt of an application, the Inspector, unless he is satisfied that to the contrary, will cause tags to be affixed to the marking of the trees by an officer of rank not lower than a Sub-Inspector and for the issue of the license. Applications for trees shall point out to the marking officer, who replied by the letter to the effect, the trees applied for by them. Should they find to be an other inconvertible nature, the trees yield by them, shall be liable to be licensed at the Collector's discretion.

(2) In the West Bank, District, in the Korum, Bismarck, Tondela, Elton and Yarragadeh blocks of the West Bank district, in the Haplo and Haplo blocks of the Elton district and in the villages of the Agency lands specified in Schedule I, trees intended for the marking of licensed trees, shall be for the marking of trees and shall be for as possible, be at separate tapes or blocks.

4. Applications may, from time to time, prescribe the maximum number of trees to be obtained in an original application. They may also draw that the trees situated in one village only shall be included in an application.

5. Tally shall not be drawn from any tally tree, nor shall any pole be attached to any tally tree and the use has been marked by the proper officer.

6. For palms and date trees in the Presidency and for Dodon (Adonis Pylod) trees in South Kusaie, tree-tapping licenses shall be annual, then it, is from 1st October or any subsequent date to the 31st September immediately following, and for coconut and mango trees they shall be half yearly, that is, in from 1st October or any subsequent date to the 31st March immediately following, and from 1st April or any subsequent date to the 31st September immediately following, except in the case of the trees which have been already tapped, on which the full tree-tax may be levied.

The average retail prices of rice and sugar in May 1940 varied very little from those in the previous months, but there was a slight fall in the price of chicken and live in the price of sugar in many districts.

The price of eggs fell by 5 per cent in Chittoor, but rose by 4 per cent in Dargapet. The price of chicken fell by 7 per cent in Vijayanagara. The price of mutton rose by 7 per cent in Hanumanthalli and by 10 per cent in Dargapet. The rise in price in Mysore is due to the fact that during the month under review chicken was not available for sale at certain stalls in which the price was very low in the previous month.
